Subject: License Renewal

Discussion:

1. I asked Mr. Marcik if he still wanted the dba Design Earth Technology on his license. It was not included on his application. He confirmed that he still wanted that in the license name.
2. I let him know that he had only requested authorization for Seaman Nuclear Corporation Models C-75, but the current license also includes model C-300. He stated that he had only ever had C-75 and would not need the additional authorization.
