Mr. Steven Schlitt

I'd like to thank you for time your staff's time during the NRC remote inspection of your facilities in Kennesaw, Georgia, from March 29 through April 14, 2021. As I explained during our exit briefing last week, the NRC has determined that no violations of greater-than-minor significance were identified. As you had committed in our telephone discussions, you submitted a license amendment request today, April 14, 2021, to amend the JW North America NRC Exempt Distribution License. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign the document or return it. I do however request a courtesy email response from you acknowledging receipt.

If you have any questions or concerns, please do not hesitate to contact me,
