Leo,

Attached is a draft of a renewed license for the UMLRR. Although the NRC is still reviewing UML's renewal application and has not yet made a determination on the renewal request, I am providing the draft license to provide UML with the opportunity to review it for accuracy, and confirm that it is acceptable and consistent with UML's renewal request.

I request that you please review the attached draft license, and confirm (under signature and oath or affirmation, by letter or email) that the draft license provided by this email dated 4/6/2021 is acceptable and consistent with UML's renewal request.

We will add this email and attachment to ADAMS. Please note that, because the license is a draft, it is still subject to change. Please let me know if any questions.

Thanks,
Ed
