

Nuclear Regulatory Commission

4/21/2021

Division of Nuclear Materials Safety  
2100 Renaissance Boulevard  
King of Prussia, PA 19406

U.S. Inspection & NDT, LLC would like to make the following amendment to our Radioactive Materials License 37-35583-01.

U.S. Inspection would like to add Atlas NDT as a DBA company to our U.S. Inspection & NDT, LLC Radioactive Material License 37-35583-01. We have registered the fictitious name of our secondary company, Atlas NDT with the State of Pennsylvania and will operate as U.S. Inspection & NDT, LLC doing business as (DBA) Atlas NDT (see attachment). The management structure of Atlas NDT will remain exactly same as U.S. Inspection to include David A. Chamberlain COO, William R. Schneider GM, Marc T. Paonessa OM, Kristina M. Lehman RSO. U.S. Inspection is a non-union NDT company, we will operate Atlas NDT as a union company out of the same office using the same approved storage already in place at 111 School Street, Harrison Valley, PA 16927. Atlas NDT will lease all necessary radiography equipment from U.S. Inspection providing the same services on union projects and return the equipment to U.S. Inspection upon completion of any projects. All Atlas NDT employees will be hired, trained, certified, receive security training, be deemed T&R, and operate under the O&E procedures the same as U.S. Inspection & NDT, LLC Employees. Separate Atlas NDT documents will not be used unless there is a requirement to do so.

If you need any further information regarding this amendment, please contact myself or Kristina Lehman [klehman@usindt.com](mailto:klehman@usindt.com) Cell: 814-203-3346. Thank you for your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Chamberlain", with a long horizontal flourish extending to the right.

David A. Chamberlain  
Chief Operating Officer
