Dr. Harvey,

One last question pertaining to your function as an RSO. There are additional questions in NRC guidance NUREG 1556, Volume 9, Revision 3 for consultants RSOs who may be listed on multiple licenses. When I checked our system, you are currently listed as the RSO only on NRC license no. 21-32816-01. Are you named as an RSO on any other Agreement State licenses? If so, how many license and what is the scope of their activities?

Thank you

Magdalena
