PLEASE CONFIRM RECEIPT OF THIS REQUEST FOR ADDITIONAL INFORMATION BY RETURN EMAIL

Dear Mr. Levy:

In your letter dated March 30, 2021, you requested a license amendment to add Mohammad T. Odeh as an authorized nuclear pharmacist (ANP) and to remove a number of ANPs. In order to continue our review, please provide the following additional information:

1. Please indicate if Mohammad T. Odeh is a Pharm.D. or R.Ph. In your cover letter, you indicated he was a Pharm.D.; in his resume, he indicated he was a R.Ph.
2. Please provide a statement signed by Mohammad T. Odeh that he alone completed all on-line courses that were presented for his structured educational program through the Nuclear Education Online as part of the University of Arkansas. Alternatively, you can provide information from Nuclear Education Online that indicates how they verify that the person who signed up for the program is the one that actually completed the program.

We will continue our review upon receipt of the requested information. You may respond to my attention in writing by letter, email (if letter is signed by senior management and scanned into a pdf format), or fax (610-337-5269), referencing mail control number 625365. Please submit a reply within 30 days of the date of this email, or we will assume you no longer wish to pursue this amendment. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5006.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits, see our toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).

Thank you in advance for your help!

Sincerely,

Jan
