

PUBLIC MEETING ANNOUNCEMENT

Title: Technology Inclusive Content of Application Project Workshop #2

Date(s) and Time(s): May 19, 2021, 10:00 AM to 06:00 PM EST

Location: Teleconference

Category: This is an Information Meeting with a Question and Answer Session. The purpose of this meeting is for the NRC staff to meet directly with individuals to discuss regulatory and technical issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed throughout the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: The purpose of this meeting is to discuss with the nuclear industry issues related to the draft guidance document for Safety Analysis Report (SAR) content for an advanced reactor application based on the licensing modernization project. The draft guidance document is available in ADAMS at Accession No. ML21106A013. This is the second of three publicly-noticed workshops between industry and the NRC staff whose purpose is to have an interactive discussion to identify, discuss, understand, and resolve issues related to the draft guidance document.
