Subject: [External_Sender] Removal of poisonous mine wastes from Navajo communities

To Whom It May Concern,

I am appalled that Navajo families are being subjected to the toxic affects of uranium mine wastes deposited and mined through your agency.

I urgently petition you to remove from the Red Water Pond Road Community these life-threatening uranium tailings which come from NECRM, UNC and the Quivira Mine through your agency. Neither you nor I would want these poisonous substances in our backyard, being washed into land where our children play and our grandmothers walk.

Please inform me of your progress toward removing this aggregious offence to the Navajo families.

Thank you.

Sincerely,
Becca Gardner
Darlington MD
