In terms of report NUREG-2243, I and members of my family strongly support a better plan for uranium clean up. The Navajo community has been insistent that the wastes be moved out of the area, and explain that the proposed location is not suitable, as it is in a floodplain and may lead to a second Churchrock uranium spill. There is also concern for dumping waste on another indigenous community. Please do the right thing and make a better plan!

thank you
