Rockville, Maryland 20852

Re: Pending Amendment Application for Export License (PXB.235) to Iraq

Dear Mr. Justice:

As discussed today, QSA Global, Inc. requests to replace the amendment documentation submitted to your office on 21 April 2021, with the details in this letter and attached, revised NRC Form 7. This corrects errors in the activities requested for export under license PXB.235.

At this time, QSA Global, Inc. requests amendment to license PXB.235 to increase the maximum activity per source for the following radionuclides to customers in Iraq:

- Am-241/Be: Increase from 0.185 TBq to 0.58 TBq.
- Cs-137: Increase from 0.074 TBq to 0.089 TBq.

We request the ability to make a total of 8 shipments under this license prior to its expiration. Each shipment could contain at most, one Am-241/Be source and one Cs-137 source per shipment. Please see the enclosed, updated NRC Form 7 supporting this amendment request.

No fee is required per 10 CFR 170.31 Category 15.K. Your continued consideration of this request is very much appreciated. If there is additional information we can provide to assist in a decision, please contact me at [lori.podolak@qsa-global.com](mailto:lori.podolak@qsa-global.com).

Sincerely,

E-SIGNED by Lori Podolak
