This is to inform the NRC that the activities necessary to close the sale and transfer the Indian Point Energy Center have been completed. The closing of the sale transaction was effective May 28, 2021. At the time of closing, with the NRC's approval, Entergy Nuclear Operations, Inc. transferred its currently licensed authority to Holtec Decommissioning International, LLC, and indirect control of Entergy's ownership interests in the facility licenses was transferred to Holtec International. In addition, Holtec Indian Point 2, LLC now holds the owner licenses for Indian Point Units 1 and 2, and Holtec Indian Point 3, LLC now holds the owner license for Indian Point Unit 3. The parties request that the NRC issue the conforming license amendments.

Phil Couture
Sr. Manager, Fleet Regulatory Assurance
Entergy Nuclear Operations
