Re: Amendment Request- NRC Exempt Distribution License No. 16-17316-01E

Dear Ms. Xu:

Savant Technologies, LLC (Savant), located at 1975 Noble Road, Cleveland, Ohio and listed on License No. 16-17316-01E, Amendment 10 to Consumer Lighting (U.S) LLC requests that our SPI warehouse/distribution center located at 5555 Massillon Road, Building E, Canton Ohio (also listed on the subject license) be removed from the license by the issuance of a license amendment. The warehouse/distribution center completed its last shipment of lamps with byproduct material to customers prior to April 30, 2021. Any remaining products with licensed material have been transferred to our licensed distribution center located in Charleston, Tennessee. (Note that I submitted the attached letter back on Jan 13, 2021 to change the name on our license to Savant Technologies, LLC due to a business name change. I would appreciate it if you could please make the name change on the new license to be issued which removes the SPI warehouse from the license.)

If you have any questions or if Savant can provide you with additional information, please do not hesitate to contact our radiological consultant Jack Buddenbaum at (216) 337-4411 or jack.buddenbaum@plexsci.com and/or myself at (828) 702-8382 or barry.hallock@savant.com. I look forward to receiving our amended license has been amended with the SPI facility removed from the license.

Sincerely,
