Re: Final Scope of Work and Budget for Calendar Year 2021
Cimarron Environmental Response Trust

Dear Mr. Halliburton:

Thank you for the subject Final Scope of Work and Budget. To recap, the request includes anticipated costs for the period from January 1, 2021 through April 20, 2022 for all Administrative tasks, license compliance, Federal agency fees, Site Decommissioning tasks, State agency fees, and Unanticipated Work. Specifically, the budget includes costs during that period for preparation and submittal of Facility Decommissioning Plan -- Revision 2, to reflect changes to the Decommissioning Plan (DP) to follow a Phased Approach, as well as preparing Responses to Requests for Additional Information (RAI) and advancing design drawings as described in the Final Scope of Work.

DEQ has no objection to the Scope of Work and Budget, provided the Nuclear Regulatory Commission (NRC) does not object. Please contact me at (405) 702-5132 if you have questions.

Sincerely,

J Paul Davis
Environmental Programs Specialist
