State Agreements & Industrial Safety Branch
Division of Materials Safety and State Agreements
Office of federal and State Materials and
Environmental Management Programs
U.S. NRC
Washington, D.C. 20555-0001

Dated: May 24th, 2021

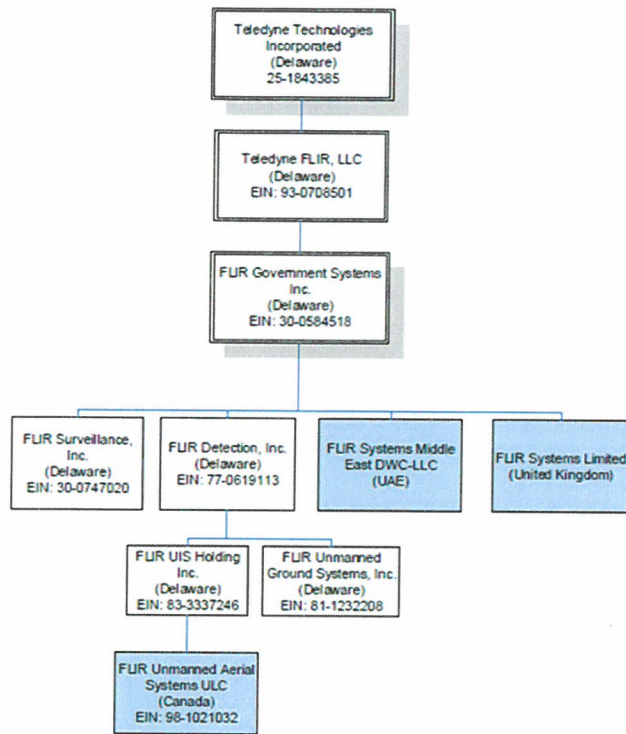

Reference Change of Control of License Number 41-25639-01E:

Dear Mr. Struckmeyer,

The purpose of this letter is to advise you of a change in control potentially affecting NRC licensee FLIR Detection, Inc.

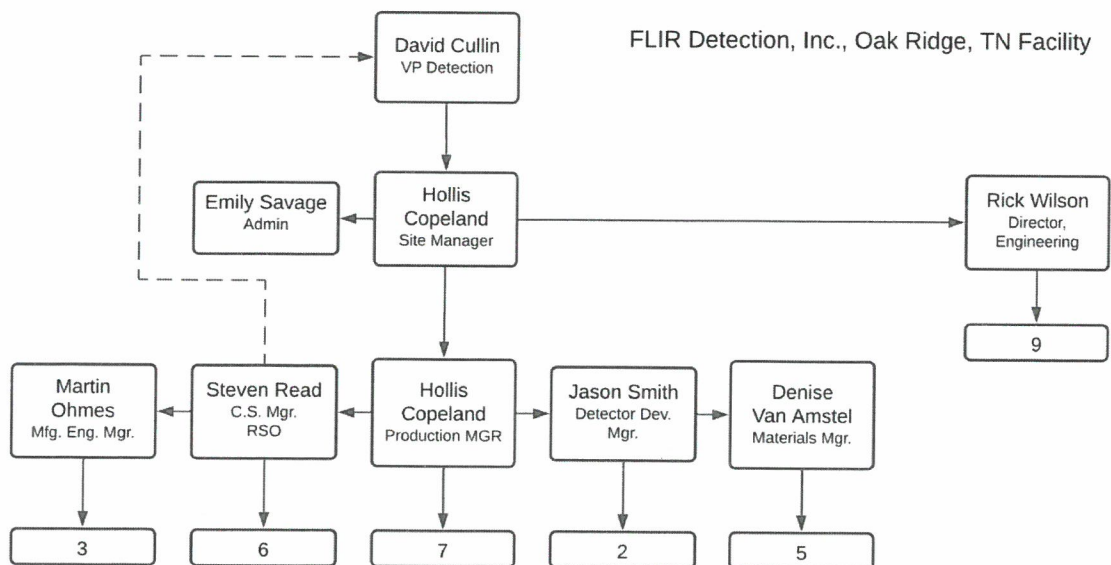

1. In accordance with NUREG-1556 Volume 15 Appendix F (1); on May 14th, 2021 FLIR Systems, Inc. (the parent of FLIR Detection, Inc.) merged into Firework Merger Sub II, LLC, a wholly owned subsidiary of Teledyne Technologies Incorporated (NYSE: TDY). Concurrently with the merger, Firework Merger Sub II, LLC changed its name to Teledyne FLIR, LLC. New directors and officers were appointed to Teledyne FLIR, LLC. FLIR Detection, Inc. is a subsidiary of FLIR Government Systems, Inc. which is a subsidiary of Teledyne FLIR, LLC, which is a subsidiary of Teledyne Technologies Incorporated (see legal entity organization chart below).

FLIR Government Systems, Inc. and its subsidiary FLIR Detection, Inc. have not changed their names or Federal Employee Identification Numbers, however, new directors and officers were appointed to FLIR Government Systems, Inc. and its subsidiary FLIR Detection, Inc.

2. In accordance with NUREG-1556 Volume 15 Appendix F (2); FLIR Detection, Inc. confirms there are no changes in personnel or duties related to the licensed program. The Radiation Safety Officer remains Steven Read.

3. In accordance with NUREG-1556 Volume 15 Appendix F (3); FLIR Detection, Inc. confirms there are no changes in the organization, location, facilities, equipment, or procedures related to the licensed program. Although there is a change of control, the Radiation Safety Officer retains the power to make the necessary decisions related to the Radiation Protection Program.

4. In accordance with NUREG-1556 Volume 15 Appendix F (4); all wipe tests, surveys, and training were completed in May 2021 and therefore are current. Instruments used in the Radiation Protection Program were calibrated within 12 months. Including our quality program, there are no changes to our Radiation Protection Program. A copy of our Radiation Protection Program is enclosed.
5. In accordance with NUREG-1556 Volume 15 Appendix F (5); FLIR Detection, Inc. confirms the decommissioning of the facility does not apply.
6. In accordance with NUREG-1556 Volume 15 Appendix F (6); FLIR Detection, Inc. confirms we will continue to abide by all constraints, conditions, requirements and commitments of NRC license number 41-25639-01E.

FLIR Detection, Inc. requests NRC's written consent for the transfer of control of the license in accordance with the description of the transaction above. Should you need any further information to assist in your review please do not hesitate the undersigned at steven.read@flir.com or 865.963.2980.

Yours Sincerely,

Steven Read
Radiation Safety Officer

CC David Cullin – Vice President FLIR Detection
Hollis Copeland – Operations Manager
