Subject: [External_Sender] NRC Request for Supplemental Information (RSI-6, Items 1-3)
Date: Wednesday, November 18, 2020 6:59:21 PM

Harry,

Ref: ML20254A003, *PRELIMINARY REVIEW OF THE U.S. DEPARTMENT OF ENERGY'S SUBMITTAL OF THE 2020 SAVANNAH RIVER SITE SALTSTONE DISPOSAL FACILITY PERFORMANCE ASSESSMENT* and Enclosure *Request for Supplemental Information for the 2020 U.S. Department of Energy Savannah River Site Saltstone Disposal Facility Performance Assessment*

The information requested by the NRC to support RSI #6 Items 1-3 in the enclosure to ML20254A00 has been uploaded to the NRC BOX location. The files are in a folder labelled "RSI-6 items 1-3" under the 2019 SDF PA top level folder. The files being provided are in response to the following (highlighted) in RSI-6:

Provide complete water budgets of the disposal system in its entirety for: (1) the compliance case; (2) the second sensitivity case from Section 5.8.2.3 in the PA; (3) one of the three soil-only closure cap cases in Section 5.8.3 of the PA; and (4) the three cases to be performed.....

Please let me know if any additional information is needed.

Thanks,
Larry Romanowski
