Subject: Removal of IPL Model EAB-LB Check Sources from License

Discussion: I called to confirm that Electric Boat still wants to keep a Curium-244 check source and a Californium-252 check source on their license. Ms. Weismantel explained that these sources have been disposed of and requested their removal from the license.

Action Required: The Curium-244 and Californium-252 IPL Model EAB-LB sources will be removed from the license with Amendment 58.
