Docket No.(no hyphens): 03037094

Mail Control/Report No. 626912

Licensee Name: Ferrovia Agroman, S.A. (tbd: Ferrovia Construcción PR, LLC)

Participant(s) Name/Title: Fernando Cortés Castro

Work Telephone No. (787) 725-5505

Business Cellphone No. N/A

NRC Representative Name/Title: Jason vonEhr, Health Physicist

Subject: Concerning the Renewal of the Subject Licensee's NRC License

Discussion: The subject licensee's renewal application was subject to an administrative error (transmitted to the wrong location) that resulted in a delay in the start of a timely technical review. As a result, Mr. vonEhr conducted a preliminary technical review on June 11<sup>th</sup> and had a telephonic meeting with Mr. Fernando Cortés Castro and a staff member (who was proficient in English) on that same day. Mr. vonEhr discussed three major subject areas that he requested the licensee begin putting together a response for while Mr. vonEhr and Ms. Ullrich prepare a written RAI. The three areas were:

- (1) the absence of responses for Items 5-11 of the renewal application – Mr. vonEhr provided an electronic copy of NUREG-1556, Volume 1, Revision 2, Appendix B checklist for the licensee to review and complete, or to prepare an equivalent response;
- (2) the difference between the two locations requested on the renewal application and the current NRC license (AM No. 13) – including the information needed to remove the no-longer-needed address from the NR license, the supporting information needed for the two locations requested to be on the NRC license, and confirmation that the presently-authorized address had not yet been used to store NRC-licensed materials; and
- (3) the requested name change – to confirm whether or not a change-of-control had occurred, and whether additional information would be required to support this name change.

Action Required: The licensee committed to begin assembling a response in response to the telephone meeting and in anticipation of a written letter early the following week to ensure the reply is responsive to the concerns illustrated over the phone.
