**Subject:** [External\_Sender] Notification of Implementation of Post-Defueled Emergency Plan  
**Date:** Thursday, June 10, 2021 8:53:09 AM

---

Marlayna,

This is to notify you that the Duane Arnold Energy Center will implement the approved Post-Defueled Emergency Plan (PDEP) on June 11, 2021. This plan was previously approved by NRC as amendment No. 313 effective June 10, 2021. The offsite agencies associated with Duane Arnold emergency preparedness have been informed of the changes in the PDEP and have approved the transition. If you have any questions, please contact me.
