NRC Representative Name/Title: Jason vonEhr, Health Physicist

Subject: Concerning the Application for a New NRC Materials License

Discussion: The subject licensee's new license application indicated a Florida address (Winter Haven, Florida). Mr. vonEhr requested the SAOs reach out to the State of Florida on June 14, 2021, to inquire about a Florida License, as it would not appear that the location would be NRC jurisdiction. Florida indicated no such license existed with the company name, RSO's name, or address provided. As a result, Mr. vonEhr reached out to the application's point-of-contact (Mustafa Syed).

Mr. Syed stated that his organization had been in contact with the State of Florida's equivalent licensing agency (Bureau of Radiation Control, Department of Health), and that the application submitted to the NRC was submitted in error based on an incorrect understanding of the organization of jurisdictions/Agreement States. Mr. Syed indicated that, at the present, the applicant would not require an NRC license. Mr. vonEhr discussed with Mr. Syed situations that he may encounter in the future where he may need to conduct work in NRC jurisdiction, and the differences between an NRC specific license and a general license issued under 10 CFR 150.20 reciprocity.

ACTION: the applicant does not need to proceed with the new license application, and as such the application should be withdrawn.
