Ms. DeBoer,

This letter is in response to your e-mail received June 24, 2021 in regards to Liberty Hospital's license renewal.

Liberty Hospital is committed to conducting all operations with ethical standards and safety in mind. Liberty Hospital, will ensure, that all procedures, including treatment in Rm 277 of individuals that cannot be released under 35.75, will restrict public dose exposure below the limits set in Part 20.1301. In doing so, Liberty Hospital commits to following the guidelines in accordance with Part 20.1501 and Part 35.70 by conducting surveys and having procedures in place that monitor radiation exposure and limit access to the public. Based on past usage and on the shielding calculations and recommendations for Rm 277, Liberty Hospital is certain dose limits will not be exceeded; nevertheless, Liberty Hospital will have portable shielding or removable barriers in place to meet established limits, if additional services are added that will require such.

Thank you for your assistance in this matter,

Julie Osbahr
