TRAINING: No special training is required for any documents issued with this Change Notice.

REMARKS: TI 2800/032, "Follow-up – Materials Safeguards Advisory," This TI was issued in October 2001 and was intended to follow-up with licensees on the safeguards advisory issued on 10/16/2001. MSST staff (including SMPB staff) reviewed this TI and determined that the TI is no longer needed and can be canceled.

TI 2800/040, "Pilot Program to Evaluate the Security Inspection Frequency for Priority 5 Irradiators," This TI was issued in March 2011 and was conducted throughout 2011. NRC staff concluded that there was no need to change the inspection frequency and the evaluation associated with this TI was closed out. MSST staff (including SMPB staff) reviewed this TI and determined that the TI is no longer needed and can be canceled.
