				<p>personnel dosimeters that do not require processing, evaluation of the dosimeter must be started within 24 hours. In addition, the individual may not resume work associated with licensed material use until a determination of the individual's radiation dose has been made. This determination must be made by the RSO or the RSO's designee. The results of this determination must be included in the records maintained in accordance with § 34.83.</p> <p>* * * * *</p> <p>(f) Dosimetry results must be retained in accordance with § 34.83.</p> <p>* * * * *</p>
