Good morning,

I have reviewed the licensee's renewal application dated 2/4/21.

In a signed and dated letter, please resubmit the commitment for Area Surveys, "We have developed and will implement and maintain written procedures for area surveys in accordance with 10 CFR 20.1101 that meet the requirements of 10 CFR 20.1501 and 10 CFR 35.70." The reference to the regulations had an error in your original application.

Thank you
