Subject: University of Illinois at Urbana-Champaign Notice of Intent to Construct a Testing Facility - Project No. 99902094

Caleb,

Thank you for the letter dated May 19, 2021, that provided a notice of University of Illinois at Urbana-Champaign's intent to submit an application for a construction permit for a testing facility (test reactor). Please reference Project No. 99902094 in future communications regarding this matter. Mr. Adrian Muniz of the Advanced Reactors Licensing Branch will be the primary NRC point of contact and will send you a letter that further describes the Project No., interactions with NRC staff, and the NRC fee structure. With respect to fees, the NRC staff understands that the University of Illinois is a public, nonprofit educational institution. Please confirm that this is correct.

If you have any questions, please don't hesitate to contact Adrian at 301-415-4093 or by email at Adrian.MunizGonzalez@nrc.gov.
