Jake,

On June 24, 2021, NRC staff held a closed conference call with Kelly Fitch of American Centrifuge Operating (ACO), to discuss consolidation of the three network security plans, for ACO's three sites, into one plan. During the call Kelly indicated that ACO would be withdrawing its HQ Network Security Plan submittal dated April 29, 2021. The NRC staff did not object to ACO's proposal.

The participants of the call were as follows:

ACO - Kelly Fitch

NRC - Yawar Faraz, Keith Everly, Michael Mangefrida, Leonard Pitts, Jim Hutson (contractor)
