

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

August 12, 2021

Mr. Michael Strope
Site Vice President
NextEra Energy Point Beach, LLC
6610 Nuclear Road
Two Rivers, WI 54241

SUBJECT: ISSUANCE OF ENVIRONMENTAL SCOPING SUMMARY REPORT
ASSOCIATED WITH THE U.S. NUCLEAR REGULATORY COMMISSION
STAFF'S REVIEW OF THE POINT BEACH NUCLEAR PLANT, UNITS 1 AND 2,
SUBSEQUENT LICENSE RENEWAL APPLICATION (EPID NO. L-2020-SLE-
0002) (DOCKET NOS. 50-266 AND 50-301)

Dear Mr. Strope:

Pursuant to Section 51.29 of Title 10 of the *Code of Federal Regulations* (10 CFR), the U.S. Nuclear Regulatory Commission (NRC) staff conducted the environmental scoping process and solicited public comments from February 1, 2021, to March 3, 2021. This process determined the scope of the staff's environmental review of the application for subsequent renewal of the renewed facility operating licenses for Point Beach Nuclear Plant, Units 1 and 2 (Point Beach). The scoping process is the first step in the development of a Point Beach-specific supplement to NUREG-1437, "Generic Environmental Impact Statement for License Renewal of Nuclear Plants" (Agencywide Documents Access and Management System (ADAMS) Accession Nos. ML13106A241, ML13106A242, and ML13106A244).

As part of the scoping process, the staff held a public environmental scoping meeting via webinar on February 17, 2021, to solicit public input regarding the scope of the environmental review. The staff also received written comments through www.regulations.gov. At the conclusion of the scoping process, the staff prepared the enclosed environmental scoping summary report identifying comments received during the scoping period. In accordance with 10 CFR 51.29(b), the staff will send a copy of the scoping summary report to each participant in the scoping process.

The transcript of the public scoping meeting is publicly available online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html> under Accession No. ML21062A192. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to pdr.resource@nrc.gov.

M. Strope
