Attention: Deputy Director
Office of International Programs

Enclosed is an application to revise export license, XSNM3809, related to the export of low enriched uranium from the United States Department of Energy Y-12 site in Oak Ridge, TN to JAEA in Japan. The reason for the revision is to: (1) update the address of TN Americas; and (2) reflect the legal name change of TN International to Orano NPS. There are no other changes included in this revision. Please expedite this request to waive the 30 day comment period.

We remain at your disposal for any information you may require.
