Chris/Kelly,

This GL was part of Batch 4. We canceled the 2020 invoice for GL-35659 (see attached) but doesn't look like the transfer letter made it over to Chris' team. I'm adding it to ADAMS and will send to Chris when I get the links. I'm going to tell the licensee not to worry about the registration he just received. Kelly, was an invoice sent for this GL in Batch 4? If so, I'll let him know he can ignore it.

Thanks,
Don

Donald,

I received an "annual registration of generally licensed devices" packet in the mail regarding our ASOMA machine that we disposed of in early 2020.....I'm getting a little concerned as to if we are on record showing that we disposed of this machine? Respectfully, this is now the second year that we received this annual registration packet. I still have the receipt and termination letter from when we mailed the machine to Zetex Enterprises, the disposal facility in Texas.

Can you please confirm if I'm able to avoid this mail or perhaps put me in contact with someone there that can confirm that my annual registration is no longer needed since we no longer have this machine.

Thank you kindly,

Nicholas D. Palumbo

Hi Nick,

Sorry for the delayed response...I was out last week and part of this week. I forwarded this to our fees people and they should be contacting you in the next couple days.

Hello Mr. Lowman,

I hope all is well.

I wanted contact you and let you know that I did in fact receive an invoice for \$700.00 in regards to the ASOMA Machine that we disposed of earlier this year. I sent the disposal letter to you about a month ago.

I remember you mentioning to me that I may receive an invoice and that if I did, I should reach out to you so I can get it resolved. I have attached a copy of the billing docket for your reference. Please confirm at your leisure.

All the best,

Nicholas D. Palumbo

Good morning,

I am responding the email below. The invoice has been cancelled due to the material being transferred and no longer in your possession. If you have any further questions, please let me know.

Thanks.

Hi Kelly,

See below and attached...this licensee received an invoice dated 7/22/2020. They no longer have the device as of 6/23/2020. Could you contact the licensee about the invoice? I'm not sure if you would pro-rate or cancel it.

Thanks,
Don
