SUBJECT: SUMMARY OF JULY 15, 2020, PUBLIC MEETINGS TO  
DISCUSS KICKOFF OF AGENCY EFFORT TO REVIEW  
APPROACH TO ENVIRONMENTAL JUSTICE REVIEWS

On July 15, 2021, the U.S. Nuclear Regulatory Commission (NRC) staff held two public meetings via teleconferences to facilitate participation from interested parties in different time zones and availabilities, the NRC had an afternoon session<sup>1</sup> from 1:30 to 3:00 p.m. Eastern and an evening session<sup>2</sup> from 8:00 to 9:30 p.m. Eastern. The purpose of the meeting was to discuss staff's efforts in assessing Environmental Justice (EJ), in NRC's programs, policies, and activities as directed by the Commission in Staff Requirements Memorandum (SRM) M210218B.<sup>3</sup>

At the start of the meeting, the NRC staff stated that the meeting was a comment gathering meeting, and as with all NRC public meetings, no regulatory decisions will be made. The NRC staff provided a short presentation<sup>4</sup> that provided a brief overview of the current NRC approach to EJ and posed some questions to stimulate the conversation. Further, the NRC staff identified a recently issued *Federal Register* Notice (86 FR 36307)<sup>5</sup> that identified this comment opportunity. Both the presentation and *Federal Register* Notice identified multiple ways that interested parties could provide comments on this effort. Both the afternoon<sup>6</sup> and evening<sup>7</sup> meeting were transcribed.
