Hello Casey,

In response to your questions. Evans Construction will use gauges at temporary jobsites. The closest building where people work is roughly 460 feet from the storage building.

Thank you,

Brandon Smith

Oh, yes, you did; I see the email now. Sorry about that – it must have gotten buried in my email over the holiday weekend. Thanks for reaching back out. I don't think I will need anything else, I will work on getting this renewal processed.

Casey
