Subject: Amendment Request

Discussion: The licensee submitted a Form 313 dated 6/17/2021 requesting an amendment. However, the license number listed was invalid, the form did not specify the requested change, and the RSO listed in the submittal was not the RSO on the license. The license reviewer requested a letter be signed by management indicating the desired amendment request, the correct RSO, and referencing the correct license number.

Action Required: Await response, process amendment request
