---

Hello Justin,

I apologize for my delay in confirming receipt of your response.

I have reviewed the additional information submitted and I do need some additional follow-up to remove the Thermo Fisher Scientific Model 5201A device from the license. If this device was previously used under the license please provide a copy the transfer records and the final leak test for each device of this type that was possessed. If this device was never actually acquired and used under the license please provide a signed and dated statement confirming such.

Please reach out to me with any questions.

Thank you,  
Laura

Dear Ms. Cender,

I wanted to check in just make certain that you received our response to your request for additional information that was the result of a phone conversation with John Spears.  
We emailed our response on March 31, 2021. Please let us know if we need to re-send the document.

Regards,

M. Justin Biliter, PG
