Subject: Request to authorize Stefano Peca as an AMP -NRC license no. 21-16732-01

Good morning,

I reviewed your request to add Mr. Peca as an AMP to your NRC license no. 21-16732-01. Unfortunately, I cannot accept the letter from the Canadian College of Physicists in Medicine (CCPM).

Please provide Mr. Peca's Certificate from the CCPM.
If the certificate is not available, then I would need part 3 of the NRC Form 313A(AMP) (education, training, and experience) and Part II completely filled out.

Thank you
