Hi Michelle,

To be honest, I passed along a "packet" of attachments that came from Peggy. I've reviewed my list of changes and I've verified that we did not make changes from the 2020-1 RATS. Please ignore that attachment.

Please let me know if you have further questions.

Hello Brian, I need to clarify one thing with your regulation submission. We note that you indicate for RATS ID 2020-1 there are no changes at this time and, that the changes in this rulemaking will be addressed in a future rule packet. Was there a reason why you submitted this for review? If not, we won't include this one in the current review. Please confirm or let me know if I have missed or mischaracterized anything.

Thanks,
Michelle
