Subject: [External_Sender] NRC 2018-0300 No to Expanding Categorical Exclusions
Date: Wednesday, July 21, 2021 9:40:11 PM

Dear NRC Commissioner NRC Commissioners and Staff,

Dear NRC Commissioners and Staff:
Please do not expand Categorical Exclusions (published 5-7-2021).

The NRC needs to face up to legitimate controversy and include further public input on over a dozen important and controversial impacts from the nuclear power fuel chain.

There needs to be compliance with the National Environmental Policy Act/NEPA, increased surveillance of closed uranium mills and more in put on decommissioning plans. Those are just three things needed to truly regulate--even though I prefer elimination--nuclears..

Sincerely,
Kathleen Drury
Chicago, Illinois
