FROM: Director, Laboratory Safety; Office of Laboratory Science and Safety

SUBJECT: CDC Official Notification of Radiation Safety Officer Retirement

This is to inform the NRC that the CDC's Radiation Safety Officer, Cynthia Long, retired on June 30, 2021. Cynthia will no longer serve as the Radiation Safety Officer for the Centers of Disease Control and Prevention's two NRC Radioactive Materials License Numbers 10-06772-01 and 10-06772-02. The Chairman of the Radiation Safety Committee has been asked to serve during the interim period until a new RSO has been named. I will submit another letter to the NRC regarding the interim RSO appointment and the next steps for naming of a permanent RSO in the next 2 weeks.

If you have further questions or need any additional information do not hesitate to contact me.

Sincerely,

Brandon Hatcher, PhD, RBP, CBSP
