RE: License No. 06-30814-01

Docket No. 03036256

Dear Sir,

The Transferor as owner of the Nuclear Facility proposes the sale of the nuclear camera at the above location and transfer of Materials License to Trinity Health of New England, 114 Woodland Street, Hartford, CT 06105.

The operator of the facility and the RSO will remain Dr. Joseph Sappington, MD who will become an employee of Trinity Health of New England on August 2, 2021. After the facility change is approved by the NRC and the transfer takes place a new certified nuclear technician will be appointed.

The facility will remain at the offices at 300 Hebron Ave. Suite 213, Glastonbury, CT. 06033. The current equipment is all functioning well and will remain in place. There is no contamination issues and all surveys are up to date.

No decommissioning will be required.

The transferee (Trinity Health of New England) has agreed to the transfer of Control of the Material License and will abide by all constraints, conditions, requirements, representations and commitments of the transfer and the transferee will submit complete description of the proposed license program.

This will not be a fuel cycle facility transfer.

Sincerely yours,

Joseph B. Sappington, M.D.
