RE: License Number 24-32762-01MD, 24-32762-02
Request for Amendment—Change of Radiation Safety Officer, Addition of Authorized Users

Dear Reviewer:

This letter serves to notify the NRC of our desire to amend the above licenses as follows:

1. Removal of Ronald Dobey, CHP, as our current facilities RSO
2. Name Andrew Borrok, Pharm.D., as our current RSO, who is currently listed as an authorized user on our license
3. Addition of David Osterberg, R.Ph. as an authorized user to both of our licenses

Attached is a signed Delegation of Authority for the new RSO

This change will not become official until the NRC has approved the requested amendment.

We thank you in advance for your attention to this matter.

If you have any questions or concerns, please contact our facility via telephone at 573-882-0245.

Regards,

Nick Roberts, Pharm.D.

DELEGATION OF AUTHORITY

To: Andrew Borrok, Pharm.D., New Radiation Safety Officer

From: Nick Roberts, Pharm.D.
Pharmacy Manager

Subject: Delegation of Authority

You, Andrew Borrok, Pharm.D., have been appointed Radiation Safety Officer and are now responsible for ensuring the safe use of radioactive materials as used under the Nuclear Regulatory Commission License. As provided for in the license, you are responsible for managing the radiation protection program; identifying radiation protection problems; initiating, recommending, and/or providing corrective action(s) verifying implementation of any such corrective action(s); stopping unsafe activities and practices; and ensuring compliance with all regulations pertaining to the use and handling of radioactive materials.

You are hereby delegated the authority necessary to meet these responsibilities, including prohibiting the use of radioactive materials by employees who do not meet the necessary requirements and ceasing operations where justified by radiation safety. You are required to notify management of situations where staff is not cooperating and addressing radiation safety issues. In addition, you are free to raise issues with the United States Nuclear Regulatory Commission at any time.
