LES-21-10054-NRC

U.S. Nuclear Regulatory Commission  
Attn: Document Control Desk  
Director, Division of Security Operations  
Office of Nuclear Security and Incident Response  
Washington, DC 20555-0001

Louisiana Energy Services, LLC.-  
NRC Docket No. 70-3103

Subject: Termination of Non-Possessing Facility Clearance

Notification is hereby submitted in accordance with Termination of Facility Clearance, 10 CFR 95.23(a)(1), that support services provided by the following are no longer required by Louisiana Energy Services.

Dufrane Construction  
Amsden Consulting Services  
Noel Instrumentation & Controls

We are hereby requesting the use of the non-possessing facility security clearance be terminated. The clearances for all Key Management Personnel have been terminated.

If you have any questions, please contact Jarrod Garcia, FSO at 575-394-5803

Respectfully,

Christopher L. Schwarz  
Security and Safeguards Manager
