Subject: [External_Sender] SRS & other plutonium pits

To whom it may concern:I'm writing ask you to please help with the problems of nuclear waste disposal,costly DOE projects, Pentagon excesses. The DOE hasn't found a permanent solution for disposal of nuclear waste & the Pentagon wants to amp up production (?!) of plutonium pits at SRS and other waste disposal sites . These sites ALREADY face big challenges & no further waste should be created. DOE previously spent \$8 billion to build plutonium processing plants in SC only to abandon the project. It's dangerous and a waste of taxpayers money.
Sincerely-Carol Dotterer, a concerned citizen in Chas., SC
