Good morning Ms. Ster,

As we discussed on the phone last week during the exit meeting, no violations were identified during this remote inspection, and I have attached the inspection report. You may still send me the one record requested once it is located.

After my Branch Chief signs this report, I will make it a publicly available safety record for review in the NRC's Agencywide Documents Access and Management System ([ADAMS](#)) online database. You may keep this copy for your records and the report should be uploaded into ADAMS within 30 days.

Please let me know if you have any questions.
