Subject: [External_Sender] RE: Letter from NRC

Good Afternoon David,

I appreciate the communication and will definitely be looking for it. Sometimes the Tribes mail does not have a reasonable turnaround, so it is definitely helpful to receive via email. Thank you for the heads up. I will consult with our tribal staff and Fort Hall Business Council on the letter to determine their interests and next steps.

Thanks,

Talia T. Martin

Subject: Letter from NRC

Talia,

Just a quick email to let you know that your tribal leadership will be receiving a letter from us via email in the next few days. The letter and enclosed *Federal Register Notice* addresses the scoping public comment period for the Advanced Nuclear Reactor (ANR) Generic Environmental Impact Statement (EIS). I am sending you this email in case you would like to let your leadership know to expect the letter. No action is required.

If you would like further information about this project, please contact me at (240) 344-8327 (cell), or Jack Cushing (301) 415-1424 / (240) 423-0704, email: Jack.Cushing@nrc.gov.

I hope you and yours are weathering the emergency without too much difficulty.

Thanks

Dave
