Jack, Laura and Dan,

Attached is the list of the federally recognized tribal leader and THPO/historic preservation designees that were sent the STC 20-036 letter announcing the scoping public comment period for the Advanced Nuclear Reactor Generic Environmental Impact Statement. The red highlighted rows designate tribes that did not receive the email. In total, only 11 tribes did not receive the email. Five tribes in Alaska, 4 tribes in California, and one each in Minnesota and New York.

The yellow highlighted rows designate where at least one of the tribes' addresses (either a tribal leader or THPO) received the email, but another tribal email address did not work.

Please let us know if you have any questions or need further information.
