Subject: Draft Survey Methodology to Identify Sites of Historic, Cultural, and Religious Significance
Attachments: Crow Butte Methodology Draft August 10-2021-Final.pdf

Mr. Pavlick,

Attached please find the U.S. Nuclear Regulatory Commission (NRC) staff's draft survey methodology to identify sites of historic, cultural, and religious significance to the Oglala Sioux Tribe. The attached document is not final, and we plan to discuss it with you during the meeting tentatively scheduled on August 18. The NRC staff welcomes written comments ahead of the meeting if you choose to provide them.

The NRC staff looks forward to a productive discussion.

Regards,
Diana
