Don,

I am writing to you to advise that we have transferred the generally licensed devices, Thermo 5192 (M1A469) and 5190 (M1A470) to our specific license #05-35559-01, Docket #030-39186. The portion of the labels indicating general licensed device has been covered but leaving the portion that says USA DOT 7A TYPE A still visible and legible.

Please let me know if you require anything else for this transfer.

Respectfully,

Nancy E. Alderton
