Hello Julie,

Thank you for taking time out of your day to discuss your pending NRC license amendment request. As we discussed today, of the requested new authorized users only Dr. Ricki Shah could be verified as having been previously named on an NRC license.

Please respond indicating if you would like to proceed with only naming Dr. Shah as an AU on your NRC license at this time, or alternatively please provide additional training and experience documentation for the remaining six requested physicians.

You may provide your response to me directly via email, or as a signed and dated attachment via email if submitting additional training documentation. Please reach out to me with any questions.

Thank you,
Laura
