Re: Request to Appoint New Radiation Safety Officer
Standard Testing and Engineering Company
License # 35-17054-01

Mail Control Number: 628204
Docket Number : 3012123
License Number : 35-17054-01
Licensee Name : Standard Testing and Engineering
Co.

Dear Mrs. Hill:

Standard Testing & Engineering, LLC (Standard Testing) requests to amend our license as necessary to reflect the following changes:

- Replace current RSO with Mr. Kevin Bennett.

Attached to this letter is Kevin Bennett's RSO training certificate and his Resume showing ample experience handling radioactive density gauges for the last 10 years.

Please let us know if you need anything else by emailing me at rkhalife@stantest.com.

Respectfully submitted,
STANDARD TESTING & ENGINEERING, LLC

Roy Khalife, P.E.
VP of Operations

Model Delegation of Authority to Radiation Safety Officer

Memo To: Radiation Safety Officer
From: Chief Executive Officer
Subject: Delegation of Authority

You, Kevin Bennett, have been appointed radiation safety officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations, when justified, to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission at any time. It is estimated that you will spend 8 hours per week conducting radiation protection activities.

Signature of Management Representative

8-16-2021
Date

I accept the above responsibilities,

Kevin Bennett

Signature of Radiation Safety Officer

Date

cc: Affected department heads

REGISTRATIONS & CERTIFICATIONS

- APNGA Radiation Safety Officer Certificate
- OHCMTCB Certified Materials Sampling Technician 3491
- Nuclear Density Gauge Certificate
- Troxler Safety Training
- OSHA 10 Hour Certified
- CPR, AED, and First Aid Certified

BIOGRAPHY

Kevin is responsible for assigning nuclear density gauges to field technicians, performing leak tests, ensuring the equipment is calibrated and that all necessary paperwork is included when the gauges are safely transported from and to the office. All this, under the supervision of the current RSO, Rick Mudd.

Kevin also is responsible for dosimetry monitoring in our offices. He has over 10 years of experience in the construction materials and special inspection industry and had been certified to operated nuclear density gauges for about 10 years.

Licensing and/or Technical Reviewer or Branch

C. Hill

This is to acknowledge receipt of your: Letter and/or Application Dated: 08/16/2021

The initial processing, which included an administrative review, has been performed.

Amendment Termination New License Renewal

There were no administrative omissions identified during our initial review.

This is to acknowledge receipt of your application for renewal of the material(s) license identified above. Your application is deemed timely filed, and accordingly, the license will not expire until final action has been taken by this office.

Your application for a new NRC license did not include your taxpayer identification number. Please complete and submit NRC Form 531, Request for Taxpayer Identification Number, located at the following link: <http://www.nrc.gov/reading-rm/doc-collections/forms/nrc531.pdf>
Follow the instructions on the form for submission.

The following administrative omissions have been identified:

[Empty box for administrative omissions]

Your application has been assigned the above listed MAIL CONTROL NUMBER. When calling to inquire about this action, please refer to this control number. Your application has been forwarded to a technical reviewer. Please note that the technical review, which is normally completed within 180 days for a renewal application (90 days for all other requests), may identify additional omissions or require additional information. If you have any questions concerning the processing of your application, our contact information is listed below:
