Ms. Michel,

Please submit the following information to support the request to add two new authorized users:

- A description of their qualifications to licensed materials that includes both their training in radiation safety, and their experience in using similar materials [or experience using your source under the supervision of someone listed as an authorized user on your license).

You may respond to me directly. Please avoid including any personal privacy information such as home addresses, cell phone numbers, or dates related to graduation. You may send a hard copy letter to my attention and referring to Mail Control No. 628156 , or you may attach a pdf version of a hard copy letter that was signed, and send that directly to my email address.

Please contact me if you have any questions.
