Mr. Balskus,

Thank you for providing the receipt of the device from Troxler, that is immensely helpful.

If you could also contact the Seaman company who provided the leak test certificate, to obtain either a corrected certificate or an explanation of the issue with the dates, that would be appreciated. According to the certificate, the leak test sample was collected on December 23, 2021, but analyzed 10 months EARLIER on February 11, 2021. In addition, the certificate stated the next leak test date of June 23, 2022.

As soon as I have correct information, I can process the license termination. You may send the information directly to my email address, [Elizabeth.ullrich@nrc.gov](mailto:Elizabeth.ullrich@nrc.gov)

Thank you for your cooperation in this matter. Please contact me if you have any questions.

Betsy
