SUBJECT: VOID LETTER CONCERNING APPLICATION FOR LICENSE AMENDMENT,
CONTROL NO. 625767

Dear Dr. Midthun:

This letter concerns the subject request to amend U.S. Nuclear Regulatory Commission (NRC) License No. 50-27784-01. You requested to remove yourself as the radiation safety officer (RSO) and replace yourself with Dr. Jaren Meldrum. Your amendment request is available electronically from the Agencywide Documents Access and Management System (ADAMS) at Accession No. ML21138A921.

By letter dated August 9, 2021, you informed us that you would like to withdraw the amendment request and that you will continue to act as the RSO until Dr. Meldrum meets the requirements to be authorized as the RSO. Therefore, we have administratively closed your license amendment request. This action is taken without prejudice to the resubmission of your request. Note that if you submit a new request at a later date, you may refer to Control No. 625767 for the documentation you have already provided.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

Casey Alldredge, Health Physicist
Materials Licensing and Inspection Branch
